Shoebill

[the bird looks almost sad before going back to it's birdly business.]

› I'll be back...

Shoebill

[the bird blinks but doesn't seem interested...]

› well that's all for today!

› would you like a treat?

Shoebill

[the bird blinks in acknowledgement and begins to preen with a blushing glow.]

› would you like a treat?

› won't you let me scritch you?

› I'd better not bother it...

Shoebill

[it seems charmed by Gilgrokmesh's...er...craftsmanship!]

› won't you let me scritch you?

› well that's all for today!

› what a strangely specific item

Shoebill

[the bird's eyes perk up as if to say 'okay, whatcha got?']

› mm how about some caveberries?!

› hmm, besides berries all I have is Gilgrokmesh's shoddy spear...

› i guess I've got nothin...

Shoebill

[the bird blinks but doesn't seem interested...]

› well that's all for today!

› would you like a treat?

Shoebill

[the bird's entire body seems to glow as it gobbles up the berries with no shame or manners]

› hmm, besides berries all I have is Gilgrokmesh's shoddy spear...

uh oh, looks like Namluh might be charmed by Gilgrokmesh's tushy.

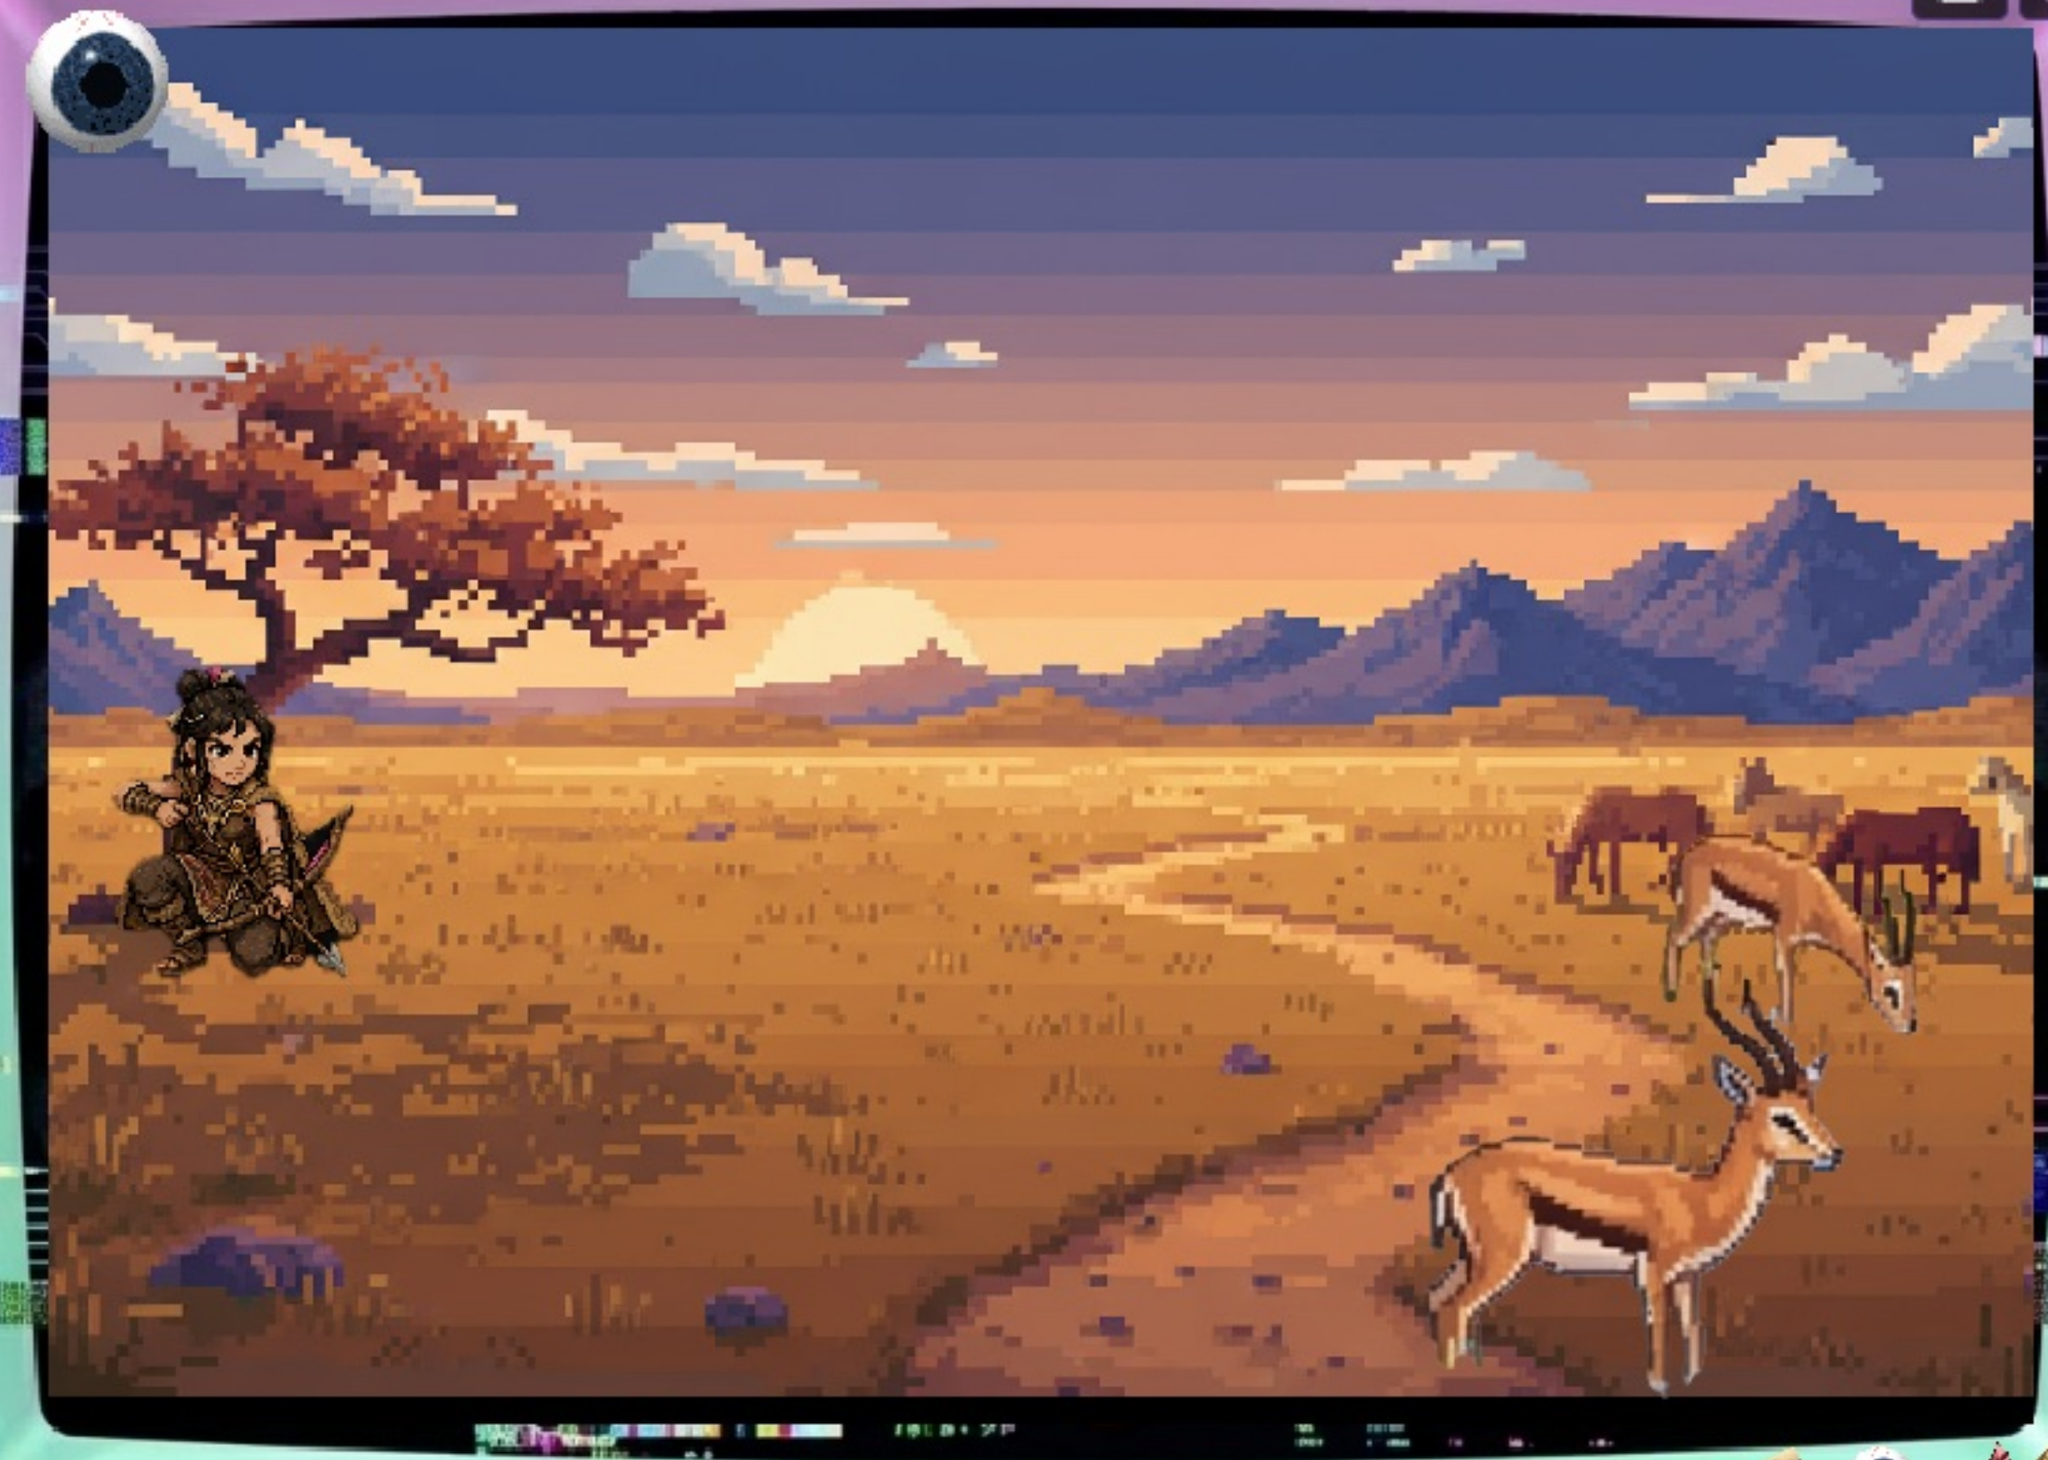
At least Dagrim knows Gilgrokmesh is a load of poop. Or maybe he's just pooping...

Simrush isn't usually with the other children. He keeps to himself and would rather play with the area wolf cubs...how strange!

Biluda's just staring in disbelief...

Gizzal and her twin brother Garza are Nin and En's children. Gilgrokmesh better tread lightly...he won't though.

Garza likes Gilgrokmesh more than Gizzal, his sister doesn't realize Garza is serious when he repeats some of the rude things he hears about girls on Gilgrokmesh's stream.

Gilgrokmesh: "...The sky turned into a cursed salad of pixels. The Matrix was crashing because it could not handle my raw charisma. My limbs stretched out, taking up maximum space...."


Gilgrokmesh is Nin and En's oldest. Since he can't maintain a trade, He often babysits and regales the children with his own version of reality. Besides they're the only one's who listen ...
